

Why take an Alaska cruisetour with Princess®?

1

What is a cruisetour?

It's the ultimate Alaska experience: a seven-day Voyage of the Glaciers cruise plus three or more nights in the Alaska wilderness, including scenic rail travel and stays at cozy Princess-owned wilderness lodges. Cruisetours are the best way to truly see and explore the Great Land – and one of many reasons Princess is consistently voted the #1 cruise line in Alaska* year after year.

2

Alaska's top two attractions

All Alaska cruisetours include visits to pristine Glacier Bay National Park, a UNESCO World Heritage site that features the towering Margerie Glacier. You also explore the picturesque six million-acre Denali National Park, home to North America's tallest peak and teeming with Alaska's Big 5: bears, moose, caribou, Dall sheep and wolves.

3

Exclusive Direct-to-the-Wilderness® rail service

Only Princess offers Direct-to-the-Wilderness® rail service. It whisks you from your ship through the heart of Alaska to their exclusive Denali area wilderness lodges...all in the same day, so you have more time to explore.

4

Exclusive Princess wilderness lodges

Nestled at the doorstep of legendary national parks, exclusive Princess-owned wilderness lodges are the ideal places for exploring the Alaska wilds. These cozy riverside retreats deliver comfortable accommodations and dining options, an expansive Great Room and unbelievable views at every turn.

5

Mountain majesty

Every Princess cruisetour includes a visit to Denali National Park. And a unique way to view the majesty of Denali is from the comfy confines of a custom treehouse at Mt. McKinley Princess Wilderness Lodge®. Built by Pete Nelson of the Animal Planet™ hit show *Treehouse Masters*, this 500 square foot treehouse offers great views of "The Great One."

6

Take five

You can visit up to five(!) spectacularly scenic national parks on a Princess cruisetour. Take in Glacier Bay, Denali, Kenai Fjords, Wrangell-St. Elias and Klondike Gold Rush National Historical Park (Skagway). Explore nature – and get plenty of wall-worthy photos with stunning scenery that never ends.
