# Princess® MedallionClass® – your vacation your way

It begins with your OceanMedallion™ wearable. Free to all guests in all stateroom categories, this quarter-sized device never needs to be turned on or off. Wear it wherever you go, and see how effortless and personalized a vacation can be. Your stateroom door unlocks as you approach, your food and drink orders find you, and friends and family can easily locate you. Spend more time connecting with each other and doing what you love on a Princess MedallionClass vacation.

No more crowded muster stations. Get the safety info through a video you can watch once on board in your stateroom — or your device — any time before the ship departs on embarkation day.

# The MedallionClass<sup>®</sup> app

The all-in-one app interacts with your Medallion<sup>®</sup> device to put the MedallionClass digital experiences at your fingertips. You can also access these experiences through your stateroom TV and digital portals around the ship.

## Start your vacation sooner

Complete the OceanReady<sup>®</sup> steps before you sail, choosing your arrival window so everyone isn't trying to board at the same time. Then enjoy shorter lines in the "Green Lane."

## Find your friends and your way around the ship

Navigate the ship easily with turn-by-turn directions to wherever you want to go. And stay connected with your group no matter where you (or they) are on board. You'll love the ability to message them through the app.

## Entertainment on demand

You'll appreciate our OceanView<sup>®</sup> video-on-demand system in your stateroom or on your mobile device. Watch TV, movies and Ocean Originals anytime, anywhere!

## Plan your days

There's so much to do on your cruise that it can sometimes be difficult to see everything available to you. That's where the JourneyView<sup>®</sup> digital planner comes in. Bookmark activities and events that interest you so you don't miss a thing.
